Print Screen Guide

If you are having problems with the GROW-App, we may ask you to send us a screen shot of what you are seeing; this is how to produce a screen shot.

- 1. Make sure the page that you would like to show us is open on your screen
- 2. Press the "Print Screen" key on your keyboard shown below
- 3.

4. Create a new email, right click on the line you want the image, then click "Paste"
